### HELPFUL HINTS

- Write your message before you start or at least know what you'd like to say ahead of time.
- Select your pictures before you start this process. If they're digital images, round them up on your computer and get them all in one place so it'll be easier to upload. If they are prints, you will need to scan them before you can create your dedication. Local drug stores such as CVS and Walgreens often have scanners that will allow you to scan your prints and get a digital files within minutes.
- For best results and to ensure your photos do not print too small, an 1/8 page dedication can fit 0-2 photos, a 1/4 page dedication can fit 0-4 pictures and a 1/2 page dedication can fit 0-6 pictures.
- If you have questions or concerns, contact technical support at 877-362-7750 and press #2 for help.

LAST DAY TO CREATE AND BUY A DEDICATION IS: **SUNDAY, MARCH 29TH**
